Full class descriptions are available online at pawsitivedogtraining.org.

AKC STAR Smart Puppy Class: For pups 9 weeks to 5 months. Learn basic skills including sit, down, come, heel, leave it, drop it, stay, wait, and more. Puppies will be evaluated for their STAR Puppy certification at graduation.

Beginning Basic Obedience and Manners Class: For dogs 5 months and older. Dogs learn the same basic skills covered in puppy class, but with an emphasis on teenage and adolescent behaviors. Builds a great foundation for older dogs and helps proof known behaviors in the distraction of a group class environment.

Grad Class Polishing Obedience Skills + AKC Tricks and Clicks Class: For dogs who have had an obedience class from Pawsitive and want to work on more advanced skills. Dogs will also work on their novice and intermediate tricks titles. Dogs enrolled in the CGC/CGCA classes will have the opportunity to test for their Canine Good Citizen certifications.

Recall Workshop: Build a really reliable recall with games and training exercises designed to maximize your relationship with your dog and refine their recall skills. This is a three-week class for \$75.

Beginning Rally Novice: Learn to follow a Rally course by performing the various Rally signs with your dog. Great heeling practice and team-building.

Rally Run Throughs: Drop-in Rally course practice for \$10.

Rally FrEe: Learn to complete a Rally FrEe course with advanced heeling and tricks. Dogs should already have solid heeling skills.

AKC Canine Good Citizen Class: Earn a CGC Title. This class is a 10-step evaluation of good canine manners.

Scent Games: Teaching basic scent work to locate treats, toys, or human scent. Prerequisite class for Tracking Class.

AKC Scent Work Beginner Level: Using 4 scent sources: Birch, Anise, Clove, and Cypress. Starting at Novice Level.

AKC Scent Work Intermediate Level: Working on more difficult hides and teaching dogs to problem solve at the Intermediate Level and higher.

AKC Scent Work Advanced Level: For dogs who have had Intermediate Scent Work and are preparing for trials.

Tracking/Trailing (VST) Class: Dogs learn to follow human track over variable surfaces, finding articles along the way.

Barn Hunt Class: Scent game finding rats in PVC tubes safely hidden in a straw obstacle course, starting at the Novice Level. This is a four-week class for \$125 (\$110 for returning students).

Barn Hunt Class Intermediate Level: For dogs who have already had a Barn Hunt class. Dogs will work at the Open Level (finding two rats, tunnel with a turn). This is a four-week class for \$110.

Barn Hunt Run Throughs: Dogs get two run-throughs for \$10. New dogs meet the rat before running.

Pre-Agility I-A Class: An introduction to agility for young dogs (4 months and up) and/or new handlers. No jumping. Loads of fun!

Pre-Agility I-B Class: An extension of Pre-Agility I, working on turns, teeter, contacts, and off-leash skills.

Pre-Agility II Class: Dogs and handlers learn turns and sequences in preparation for upper-level agility classes. Dogs will be off leash.

Fundamentals Agility Class: Working on independent weaves using the 2x2 method, jumping skills, and running patterns. Dogs must be at least 1 year of age for this class.

Reactive Dog Agility: For dogs who may be too reactive for traditional agility classes. Dogs must be crated during this class.

Reactive Scent Work: For dogs who may be too reactive for traditional scent work classes. Dogs must be crated during this class.

Reactive Dog Class: For dogs who have problems with other dogs and/or people. Working on set-ups so dogs can practice the "right" behavior using Grisha Stewart's Behavior Adjustment Training (BAT) techniques.
